Fellow MU2 pilots, owners and admirers,

We've decided to sell our much loved F model. Here are the details. Lots of photos and a video walk around available upon request. (I can't get any of the photos to upload here)

Kirk Zastrow  
920.203.0130

\$325,000

Airframe  
ACTT 4989  
Cycles 3384

Empty Weight 6468 lbs  
Max Takeoff 9920 lbs  
Useful Load 3452 lbs  
Max Fuel 375 gal (366 useable)  
Full Fuel Payload 940 lbs

New paint in 2018 by Ranger Aviation (like new)  
New interior in 2018 by Ranger Aviation (like new)  
Boots in excellent condition  
No Damage History

Left Engine  
TSN 4966  
CSNEW 3317  
TSHSI 1120  
CSHSI 769

The left engine was installed on this airframe in 1990. It's most recent hot section inspection was completed by Intercontinental Jet Service Corporation in 2003. During this hot section all 3 turbine wheels and stators were replaced with new zero time components which should result in a very inexpensive hot section when next due in just under 800 hours. Both the FCU and engine driven fuel pump were just overhauled and the gearbox was just repaired due to the starter coupling throwing off some magnesium.

Right Engine  
TSOH 2980  
CSOH 2349

TSHSI 795  
CSHSI 601

The right engine was installed on this airframe in 2011 by Intercontinental Jet Service Corp. It's most recent hot section was completed by Georgetown Jet Center in 1996. It has almost 1100 hours remaining until the next hot section inspection is due. The FCU was just overhauled. The earliest logbook entry for this engine dates to 1980 when it underwent an overhaul by Airesearch, the manufacturer.

Left Prop  
TSOH 414 March 2008

Right Prop  
TSHO 397 July 2009  
These are the cheap to own/maintain 3 blade Hartzell props

Avionics  
Avidyne IFD 550 w/synthetic vision, traffic and terrain  
Avidyne IFD 540  
Garmin GTX345  
BENDIX M4C autopilot with altitude hold  
RDR2000 Color Radar  
Garmin GDL69 Satellite XM Weather  
Full Copilot instruments w/HSI  
Altitude Alerter  
Shadin Airdata Fuel computer  
BF Goodrich Stormscope

Extra Features  
Heated glass pilot windscreen in excellent condition with alcohol backup  
Newer copilot front and side windows  
Wired for 6 lemo style headsets (although passengers don't even use them)
