Hello,

When I went there a few years ago I flew into DRO. It is a bit expensive but there really isn't any reasonable alternatives. It was a good solid airport and folks where helpful.

There is also a small glider operation that is a great thing to do.

I would highly recommend taking a ride on the Durango-Silverton line. If you want to see some shots of it they are on my webssite.. [www.PaulOnline.com](http://www.PaulOnline.com) in the "Featured Photography" galleries. In the "Family Galleries" you'll find pictures of my extended family in Durango.

Sincerely,

Paul

Quote:I was planning a trip to Durango this weekend and was wondering is anyone might have any thoughts on where to land. Fuel seems a little high at DRO. I thought we might get a car and just drive the area looking for potential summer home. Plan was to leave Friday and return on Sunday.

Thanks Kurt
